Carleton; 2nd, Helen Teskey, Susa Weins, Norma Sanderman and Winnie Adshead; 3rd, Betty Barrett, David Wright and Henry Bergen; 4th, Donald Phillipson; 5th, Marvin Leo. Pass—6th, Harold Erb; 7th, Frank Moon.

### PROMOTED TO GRADE III

First Class Honors—1st, Cyril Sharman, Hope Roppel and Susanna Bergen; 2nd, Dorothy Dippel; 3rd, Ellen Sanders; 4th, Donald Cline; 5th, Raymond Bellamy and Marjorie Miller; 7th, Ethel Violette.

Second Class Honors—8th, Orpha Gabel; 9th, Arnold Boettger; 10th, Earl Dedels; 11th, Earl Yeo; 12th,

## Wedding.

### ROBERTSON—KLINCK

A very pretty wedding was solemnized at the home of Mr. and Mrs. Daniel Klinck on Thursday afternoon, June 30th, at 3 o'clock, when their daughter, Ethel Pearl, became the bride of Alexander Macdonald Robertson, youngest son of Mr. and Mrs. Alex Robertson, of Westcott. The ceremony was performed under a white wedding bell, suspended from a canopy of white and pink streamers, by Rev. A. E. Hayes, of Didsbury.

The bride, gowned in rose georgette trimmed with gold and silver stitching, and carrying a sheaf of Butterfly roses, entered the drawing room with her father, who gave her in marriage. Lohengrin's Bridal Chorus was played by Mrs. Ed. Klinck, sister-in-law of the bride. Miss Ruby Klinck, in white crepe de chine, as bride's attendant, carried a sheaf of pink carnations, while Mr. Ross Ford acted as best man. Little Jean and Mary Robertson, the dainty flower girls, carried baskets of wild roses.

The bride's gift to the groom was a handsome gold watch. The groom's gift to the bride was a dainty pearl necklace; to the bridesmaid, a silver bar pin; to the best man, a pearl studded tie pin.

After the ceremony all partook of a dainty luncheon. The table was attractively decorated with a four-tier bride's cake in the centre. Only immediate relatives were present. After the luncheon the bridal couple left on the six o'clock train for points in the Okanagan Valley, where they will spend their honeymoon. Upon returning, Mr. and Mrs. A. Robertson will reside on the groom's farm, south of Westcott.

We wish Mr. and Mrs. Robertson much joy and success in the future.

Orrie Franklin; 13th, Norman Crimmon.

Pass—15th, Vivian Caithness; 17th, Jim Sinclair; 19th, Tommy Lamont; 20th, Susi Peters; 21st, Riley Moon.

### RESULTS OF FINAL EXAMINATIONS—ROOM II

#### From Grade IV to V

With Honors—George Royds, Jean Lowrie (equal), Lorna Clarke, Sarah Bergen (equal), Clara Leser, Paul Schellenberg, Mary Miller, Vera Matheson (equal), Irene Bellamy, Eddie Carleton, Arthur Evans (equal), Gordon Dedels, Annetta Shiels and Maisie Sinclair (equal).

Pass—Ronald Brightman, Willard Franklin, Adeline Mjolsness, Kiffer Stauffer.

Failure—Hector Lamont.

#### From Grade III to Grade IV

With Honors—Walden Miller, Mary Newton, Jimmie Wright and Bruce Clarke (equal), Frances Mjolsness, Irene Kercher, Evelyn McGhee, Henry Wiens, Charlotte Leser and Warren Matheson (equal), Richard Walder and Clarence Cunningham (equal), Jack Booker, Buster Lamont.

Pass—Alice Violette, Florence Korschuk, Lorraine Durrer, Gordon Caithness on trial.

Jimmie Lamont passes to Senior Grade III.

To pass requires an average of 50%. To pass with honors requires an average of 80%.

VERA SEXSMITH, Teacher.

### PASSED TO GRADE VI

With Honors (over 80%)—Margaretha Bergens, Herta Shellenberg, Helen Moon.

Pass—Ruby Kercher, Steve Wesley, Yeon Kong, Reo Thompson, Helen Reichman, Eloise Cline, Gerald Boettger and Frank Carleton (even), Goldwin Gabel, Helen Clemens and Harold Shiels (even).

### PASSED TO GRADE VII

With Honors—Vera Laurie and Alfred Brusso (even), Jessie McCoy, Ruth Gabel, Elsie Shantz and Louis Jewton (even).

Pass—Gladys Carlson and Sydney Hall (even), Lucille Madoche and (Continued on page 8)

## WORLD HAPPENINGS BRIEFLY TOLD

The Duke and Duchess of York received a warm welcome home upon their arrival at Portsmouth, June 27, after their six months visit to Australia.

The Council of the League of Nations decided to invite the United States to the League's third international transit conference at Geneva, Aug. 24.

Three persons were killed when an aeroplane fell 3,000 feet in the outskirts of Winner, S.D. in an effort to restore the hearing and speech of a deaf mute.

Canadian employment conditions at the beginning of June showed a more favorable aspect than in any other month since 1920. Approximately 43,696 more workers were employed on June 1 than on May 1.

Twenty so-called Kirghiz noblemen have been arrested and banished and their property including some 20,000 sheep, confiscated because of the former Czarist affiliations of the so-called noblemen.

Jugo Slavia has an aspirant for trans-Atlantic flight honors. The newspapers say that the aviator, Boulinbachich, is making preparations for a flight from Belgrade to New York in the near future.

The population of Ontario for the calendar year was 3,108,000, the latest vital statistics report issued by the provincial government shows. The urban population is given as 1,478,189, and the rural population is 1,629,811.

Two hundred and seven persons in the United States paid taxes on incomes of \$1,000,000 and over for the calendar year of 1925, as compared with 75 in 1924 and 206 in 1916, the previous high mark.

Hon. Rodolphe Lemieux, Speaker of the Canadian House of Commons, was unanimously elected by the Paris Academy of Moral and Political Science, as the foreign member of the academy in place of the late Cardinal Mercier of Malines, Belgium.

Dairy men from the four western provinces will gather in Regina for the western Canada dairy convention, to be held Feb. 7-10, 1926. The board of directors of the Saskatchewan Dairy Association decided on this at its meeting held recently.

### Both Were Mistaken

Playing over an Irish links, a choleric colonel lost his ball and accused his caddy of having stolen it.

When a moment later it was found the golfer began an apology.

"Arrah, niver mind at all, at all," said the boy. "You thought Oi was a thaffe and Oi thought you was a gentleman, an' begorra, we both made a mistake."

Justice may be blind, but she has a good memory.

## UNIVERSITY OF MANITOBA WINNIPEG

## Want Increased Annual Grant

Saskatchewan Livestock Board Approach Provincial Government

An increase of \$5,000 in the annual grant from the provincial government will be asked by the Saskatchewan Livestock Board, it was decided at a meeting held in the Legislative buildings, Regina, Hon. C. M. Hamilton, provincial minister of agriculture, took the matter into consideration after hearing D. T. Elderkin, manager of the Regina exhibition, and R. W. Johns, manager of the Saskatoon exhibition, speak in support of the application. The board at present receives a grant of \$10,000. In explaining the uses to which the extra \$5,000 would be put it was stated that \$1,000 would be used for the board's expenses and the remaining \$4,000 would be divided equally between Regina and Saskatoon winter fairs. The \$10,000 grant has in the past been split equally between Regina and Saskatoon winter fairs.

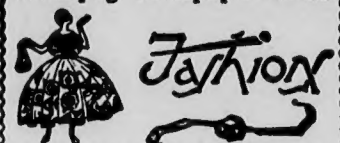

That the winter fairs are essential to the development of the livestock and poultry industry of the province was stated in the resolution sanctioning the request to the government which also added that the progress of the winter fairs is being handicapped by the lack of funds.

Both Mr. Elderkin and Mr. Johns, in their statements indicated that the winter fairs had been run at a loss but added that they had an important part to play in the development of the livestock industry in the province.

It was explained that the \$1,000 sought for the expenses of the board included \$500 in connection with the proposal to send a livestock judging team, consisting of five boys, to the Royal Fair at Toronto.

The various stock selection committees were appointed in connection with the Royal winter show at Toronto and the International at Chicago.

## Winnipeg Newspaper Union

A Dainty Frock

This charming frock is suitable for many occasions. The skirt is shirred to the bodice having tucks at each shoulder, a becoming round collar and short sleeves. In View A the frock is made of plain material and is effectively trimmed with braid or insertion, while View B is fashioned of figured voile and has the trimming omitted. No. 1560 is in sizes 6, 8, 10 and 12 years. Size 8 requires 2 yards 26-inch material, or 1½ yards 44-inch, and 7 yards trimming for View A. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

## Miracles in Crime Detection

Seattle Criminologist Thrills Delegates to Convention of Chief Constables Association

Crime, its deep rooted causes in human nature and social conditions, the mechanism of its detection, its punishment and cure, the handling of the convicted criminal, the development, training and administration of the police officers who have those problems daily before them—all of those problems came within the scope of the deliberations of the Chief Constables Association of Canada during their annual convention.

Luke May, Seattle criminologist, and president of the North West Association of Sheriffs and Police, thrilled the case hardened veterans of police departments from every province of the Dominion with his absorbing account of the miracles of the laboratory in crime detection from clues as a dropped match, a shred of fabric caught on a window-sill, the measurement of the nicks on the blade of a knife, the identification of a strand of hair, a finger prints located on the inner workings of a pistol.

Development of scientific methods of crime detection and co-ordination of all law enforcement agencies through central state and provincial bureaus was his message. It was due to such co-operation as found in Canada that Nelson, the suspected stranger, had been apprehended.

"It was the sorriest day of his life that he chose to commit a crime in this Dominion," declared Mr. May.

## Britain Must Guide Egypt

Empire's Highways Depend on Suez Canal Says Hurst

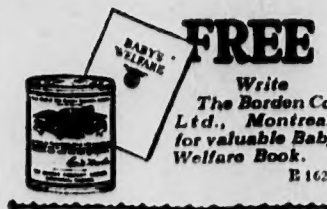

"Since Egypt must be guided in government by a foreign nation, we must be that foreign nation," declared Sir Cecil Hurst, legal advisor to the British ministry of foreign affairs in an address before the English-speaking union and the Chicago council of foreign affairs at Chicago.

"Because the Suez Canal is the approach to our Australian Dominions and the Far East" Sir Cecil added, "through Egypt go the highways, arteries and living veins of British life and we must control them."

Fish prefer dark or shady sections of water because the ultra-violet rays of the sun are harmful to them. All other creatures, however, are benefited by the rays.

## SUNDAY SCHOOL LESSON

JULY 10

SAMUEL'S FAREWELL

Golden Text: Thy loving kindness is before mine eyes; And I have walked in Thy truth.—Psalm 26.3.  
Lesson: 1 Samuel 12.  
Devotional Reading: Psalm 26.1-9.

### Explanations and Comments

1. "I Have Fought a Good Fight," verses 1-5.—In a solemn address in which he resigned his office as judge, though retaining that of prophet, Samuel stood before his people and announced that he had done their bidding in giving them a king. "And now, behold, the king walketh before you; and I am old and grayheaded; and, behold, my sons are with you." Various explanations may be given for this remark about his sons; by mentioning his age and his sons he referred to the reasons given by the people for demanding a king (1 Sam. 8.5); the sons were mature men and they proved that their father was of advanced age; he was about to abdicate his position as judge, and he bespoke their kind treatment for his sons who had been his assistants. "And I have walked before you from my youth unto this day." See 1 Sam. 2.18, when his service first began. Dudgeon suggests that his thought here was: The king you will find out later, but me you have known well for a long time.

Then Samuel put himself on trial and asked them to witness before Jehovah and Saul, his anointed, as judges, as to whom he had defrauded or oppressed, or of whom he had taken a bribe. "Whose ox or whose ass have I taken?" is his question. These were the most valued possessions of the people, who were farmers and shepherds. "Of whose hand have I taken a ransom to blind mine eyes therewith?" The ransom was the money offered him as judge to induce him to acquit a murderer.

Compare Paul's assertions of blamelessness in his farewell address to the Ephesian elders at Miletus, Acts 20.17-27. The people emphatically testified that Samuel's record was stainless, and he reminded them that God was their witness.

"Who shall ascend into the hill of Jehovah?"

And who shall stand in His holy place?

He that hath clean hands, and a pure heart;

Who hath not lifted up his soul unto falsehood,

And hath not sworn deceitfully."

### Is Still a Problem

Getting Prince of Wales Married Seems Hopeless Task

After one of the most active years in his life in which Edward Albert Christian George Andrew Patrick David Windsor, Prince of Wales and heir to the British throne, has been "engaged" or "married" more than any year since he was born, he still remains single.

Ever since 1911, when the Prince was 17, trying to marry him off has been a favorite sport. It was at that time that his marriage to Princess Victoria Louise of Prussia was mooted. The fact that the Kaiser and Kaiserin were then visiting Buckingham Palace probably gave rise to the report. Next, Grand Duchess Olga, daughter of the Czar of Russia, became the candidate—probably based on the fact that the Prince and the Grand Duchess played together as children.

The prince now often laughs at his former "tea-cup betrothals" as much as he does at all of the latest ones that are heaped upon him.

The feeling is growing in England that the Prince will ultimately turn to the strong solid stock of his own country for a wife. This type of marriage by the Prince would be the most popular he could make, for the people of England look upon him as an excellent type of young Englishman and they would like their future queen to be just as typically English.

### Gift for Lady Willingdon

Winnipeg General Hospital Presenting Model of Spanish Ship

Directors of the Winnipeg General Hospital and members of the Provincial Government are making a presentation to Viscountess Willingdon at a silhouette model of a 15th century Spanish caravel. The work on the model has been done by the occupational department of the Winnipeg Psychopathic Hospital, under the supervision of Miss J. M. Stewart. Viscountess Willingdon, on the occasion of her recent visit to the city, remarked on the efficient workmanship on the model, which is a replica of a famous ship "El Rayo De Sol." As a token of regard and as a memento of her first visit to the city the government and hospital board decided to make the presentation.

## Will Revolutionize Telegraph System

Exact Facsimile of Messages Possible  
by New Wireless Discovery

Recent experiments by G. M. Wright, research worker of the Marconi Company, have brought appreciably nearer the day when messages will be sent by wireless and cable in exact facsimile of the whole message instead of dots and dashes, letter by letter, at present.

The process is an adaptation of that by which wireless photographs are being transmitted, and by this method it will be possible for whole pages of newspapers to be filed at one end of the line and received in the form of facsimile photographs at the other end.

Under Mr. Wright's experiments, messages of this kind have already been sent a few miles in facsimile.

The expense of operating under this system has naturally not yet been worked out but, if the cost permits, the day is not far away when, for instance, a newspaper in Montreal can photograph its whole edition page by page and telegraph it to Vancouver for reproduction there.

London newspapers could produce Canadian editions by simply wireless-ing or cabling photographs of the completed pages to a printer in Canada who by photo engraving processes could speedily reproduce the pages there.

Under this system an aeroplane observer in wartime would be able to transmit from his plane to army headquarters instantaneous pictures of enemy country and enemy activities. It is obvious that the new system will revolutionize telegraphy.

The Corliss engine at the Philadelphia Centennial in 1876 was the largest built up to that time. It was rated at 1,400 horsepower, but now single steam turbo-generator sets develop 60,000 horsepower.

## SPECTACLES On 30 Days' Trial

Non-Breakable  
Clear Vision

Will give you a younger and yet more distinguished appearance.

Built for Strength, Comfort, Beauty. Light as a feather, with smooth, hand-polished nose bridge and gracefully curved temple bows that cannot cut the most tender nose or ears. A work of beauty and a delight for the wearer.

Send No Money — Perfect Satisfaction Guaranteed

Let me send you on 30 Days' Trial my famous "Crown" Spectacles. Will enable you to read the smallest print, thread the finest needle, see far or near. If you are not amazed and delighted, if you do not think my spectacles, at only \$3.00 equal to those sold elsewhere at \$15.00, send them back. You won't lose a cent. You are to be the sole judge. Hundreds of thousands now in use everywhere. Beautiful case included FREE. Just send your name, address and age on the coupon below. I will also tell you how to get a pair for yourself without cost. COPYRIGHT, CANADA, 1925

### CHAPTER III.—Continued

From this distance Helmi could think of her work in the hotel with greater composure. She knew she was awkward sometimes, and maybe stupid, though she always tried hard to please. Anyway, it was good to have a job, even if she had to pick roots off potatoes in a mouldy, dark cellar, and gather up the rotten ones to burn in the furnace.

Helmi had the large, restless hands which generations of hard-working women acquire, eager, capable, hands ready for anything that has to be done. Even the cook, Maggie Kenny, who wasted few words of praise on her assistants, admitted grudgingly that the Finn girl "has good smart hands and makes every move tell;—if she could use her head as well, she'd do."

Helmi from the little hill on which she sat looked back at the smoky city, lying like a great giant under its greasy, gray blanket of smoke. It reminded her uncomfortably of the blankets she had to spread every morning on the beds in the rear room of the hotel. In the front of the house she knew there were pleasant rooms, with white spreads and flowered wash-basins, but at the back a great yard of a room had what seemed like a hundred beds, spread with sweaty blankets, and it was this room she had to sweep and tidy every day. Some days she found men still in bed when she went in, but having set out to tidy the room, Helmi held to her course, taking no notice of the storm of abuse which came from the late sleepers.

Helmi's dreams that Sunday afternoon as she sat on the bank were for the most part pleasant. Consciousness of youth and bounding health made her hopeful of the future. She could work and she could learn, and she too would one day go back to Finland with a velvet bag, a long white plume, and silk linings and fringe on her gloves; and all the young people would gather round her while she would tell of how she started, right at the bottom, washing ugly heavy dishes in a hotel.

Helmi always held the dream, too, that she might some day meet a prospector, maybe a young man from Finland who had found gold. Men can do such wonderful things. Women have to work hard, but pretty girls have a good chance. Lots of Finn boys had come away to Canada, and maybe she would meet some of them. She thought of the Prince who was in love with a poor girl and swore he would marry her and whose proud uncle sent him a lovely coat that had a great ugly patch of coarse cloth on it, meaning that if he married the poor girl she would be like the coarse

patch. That was a dirty thing for the bad old uncle to do. But what did the Prince do? He got the patch all embroidered with pearls and lovely jewels and sent it back signifying that his lovely poor girl would be the grandest thing about the place. Helmi guessed that held the uncle a while, maybe.

Helmi was so deep in her dreams she was unconscious of the approach of two young men. They were close upon her when she looked up. She did not like their appearance, but she felt no fear. There was strength in her right arm which brought assurance.

Helmi smiled and nodded to them as she would have if they had been two of the neighbors' boys at home.

They said something to her in English.

"Yes," she said, because it was the only word she could think of—and then added—"No talk—Finn."

The boys laughed at that and looked at each other meaningly.

Helmi's young heart was aflutter for adventure. If the young men had been dressed more elegantly she might have thought they were the successful gold-diggers of her dreams. But with a calculating eye she appraised them correctly. She motioned them to go on, which they interpreted to mean that she desired to go back to the city with them. When she began to walk away the boldest of the two followed her.

Helmi quickened her pace. The young fellow caught up to her and took her arm. She shook him off and began to run. The running thing always invites pursuit, and just as she expected, they followed. Helmi purposely let her pursuers gain on her, then, stopping and bracing herself, she gave the first one a powerful body blow which sent him rolling down the bank towards the stream below. While the other one stopped to see what injury had been done to his friend, Helmi raced on. She was neither frightened nor angry.—It was all good fun to her,—but she knew enough to put as great a distance as she could between her and them for she suspected that the young man who had gone rolling down the muddy bank, might not be pleased with her.

A woman, driving a gray horse in a buckboard, saw her coming and waited for her, deeply concerned to see the flying Helmi, who had evidently been set upon by two ruffians. Helmi sensed her concern, and climbed into the seat beside her without delay. Again came the difficulty of language. "Yale Hotel," said Helmi in answer to the unintelligible inquiries, giving the name the accent and pronunciation by the Swedish telephone girl of the hotel.

"Yell hotel?" Why should I? Why should anyone?

All of which was lost on Helmi, who merely repeated the name of her present domicile.

Miss Abble was distressed and greatly excited over the real adventure which had broken in upon her Sunday afternoon meditations. She had been making her weekly visit to the Girls' Friendly Home, where delinquent girls of the city lodged. The labors of the day were over. Miss Abble had told the girls a beautiful story of a patient princess, held prisoner in a castle, who at last was set free by the ingenuity of her lover; and now as she drove home she was deep in a dream of golden romance.

Miss Abble was a maiden lady of forty-eight years, thin, neat and proper, her only extravagance consisting in the number of ornaments she would hang around her neck. On the day that Helmi had bounded into her neat buggy Miss Abble wore her Miller-gray suit of serge, with the chaste neck-piece of black fur crowned with a small hat of dovetyn and quills. All of this of course was most unobtrusive and ladylike; but hanging around her thin neck was a string of jet beads (her mother's), a gold chain (her father's), and a riot of miscellaneous articles suspended from the chain. There were keys and a kettie, a pencil which had never had lead in it, a little pig made of bog oak, with a silver ring in its back and a pierced-silver urn.

In the little seven-roomed house where she lived the strictest order

Red Ross Tea, now packed in the bright, clean Aluminum package, is completely guaranteed. You can try it without any risk. Order a package from your grocer. Use any portion of it and if you are not entirely pleased return it and no charge will be made.

and precision prevailed everywhere save on the piano, where the same promiscuous spirit asserted itself. There, photos and vases, fans and shells, books and pictures, old stones, painted bottles, Easter eggs, a Buddhist idol, basket and candlesticks crowded and jostled each other for standing room.

Miss Abble's life showed the same unevenness. Years of careful puritanic living would suddenly give way to unexpected outbursts of wild extravagance. After living in one room in the house of a friend she horrified her select circle by building a house of her own. With equal suddenness she left the class of immaculate maidens in the First Presbyterian Church to whom she expounded from Sunday to Sunday the International Sunday School lessons and began her weekly visits to the Girls' Friendly Home.

Certain members of the Ladies' Aid Society said Miss Abble was very deep, and that these strange outcroppings were but indications of her real nature. The minister's sister, who was something of a psychoanalyst, mentioned icebergs in this connection, with their small percentage of visibility as compared with their hidden volume.

Driving along the dusty summer road this Sunday afternoon, with the houses thickening on each side as they approached the city, Miss Abble, roused from her dream, carefully studied her new companion. She suddenly felt that she was about to experience another outcropping. An extravagant wish swelled her heart; a daring, unheard of ambition convulsed her soul. . . . She would do it. No matter what any one said. Let the minister's sister rave. She would show them. She would adopt the girl if she could get her.

(To Be Continued.)

### An Envious Position

Practically no Tuberculosis Among Dairy Cattle in Fraser Valley

Dr. W. H. McKenzie, superintendent of the Dominion health of animals branch, in British Columbia, is of opinion that tuberculosis among dairy cattle in the Fraser Valley, B.C., will be practically eradicated within a year. Last year almost 8 per cent. were infected on test; this year's inspection showed a reduction of infection to 1.11 per cent. Next year he expects the reactors will be lower than one-half of one per cent. In this area. That is the rate officially regarded as T.B. free. Testing of herds from Hope to North Bend has been done, and of the 42,500 tested this year only 430 were condemned. Last year 4,338 out of 46,989 reacted. This year he says, farmers in the Fraser Valley, realizing the value of healthy herds welcomed the veterinarians who conducted the test.

For Rheumatic Pains. — The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises and sprains, either in human beings or the lower animals.

### Had Several Reasons

A minister who had not been long appointed to a church in the South of Scotland asked one lady how she liked his preaching.

"I didn't like it at all," she answered.

"And, pray, why not," he asked.

"Well, in the first place," she answered, "you read your sermon; an', in the second place, you didn't read it well; an', in the third place, it wasn't worth the reading."

### The Emden in the Pictures

German War Film Being Shown in London

Evidence that feeling engendered by the War is dying down is forthcoming from the fact that a German film illustrating the exploits of the Emden is being shown in London by an English firm who are best known as the distributors of the British war films "Ypres" and "Mons." Some people consider that they have taken a bold step in booking his wholly German war picture, but the film is so good and so impartial that there is no reason why British audiences should not welcome it on its merits.

The story begins with the Emden's departure from Tsingtau at the outbreak of war, and winds up with a remarkably vivid portrayal of her final battle with H.M.S. Sydney, off Cocos Island. It is as restrained and as fair as any of the British war films, and has a stronger narrative force than any except that of Zeebrugge, without any unnecessary exaggeration of the glory or of the horrors of actual fighting, the War is shown from the angle of the crew of the German raider, and particularly from that of one young officer, a reservist in business at Tsingtau, who meets his own wife as a passenger on one of the captured British steamers, is put in command of the captured British crews, and eventually dies during the bombardment by the Sydney.

Enough glimpses of her various exploits are shown to give one a pretty good idea of her touch-and-go career, and the co-operation of the German admiralty has ensured an authentic naval atmosphere. One episode is omitted. That is the interval during the Cocos Battle when the Sydney, seeing the Emden hopelessly stranded, went off to capture her coal tender, the Buresk, before returning to enforce on Captain Von Muller an honorable surrender. The British are treated quite fairly; there is no "hate" anywhere in the picture.—London Correspondence in Free Press.

### NO MEDICINE LIKE BABY'S OWN TABLETS

For Either the Newborn Babe or the Growing Child

There is no other medicine to equal Baby's Own Tablets for little ones—whether it be for the newborn babe or the growing child the Tablets always do good. They are absolutely free from opiates or other harmful drugs and the mother can always feel safe in using them.

Concerning the Tablets, Mrs. John Armour R. R. 1, South Monaghan, Ont., says:—"We have three fine, healthy children to whom, when a medicine is needed, we have given only Baby's Own Tablets. The Tablets are the best medicine you can keep in any home where there are young children."

Baby's Own Tablets are a mild but thorough laxative which regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fever and make teething easy. They are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Conan Doyle's Early Struggles

First Twelve Years of Literary Career Were Hard

Sir Arthur Conan Doyle, who was 65 years old recently, is fond of recalling his own early struggles for the encouragement of budding storytellers. Though he had a short story published in "Chamber's Journal"—first encouragement of so many famous writers—when only 19, he wrote for three years after that without an acceptance, and his early books brought but a small financial return. During the first twelve years of his literary career, indeed, he never made more than £58 per annum by his pen, and the first of the famous Sherlock Holmes series he sold outright, after numerous publishers had rejected it, for £25.

### Girls Won in Competition

The one and only man in the butter-making class at the Bath and West Agricultural Show took his hand at the churn when he competed against over a dozen shingled and silk-stockinged dairymaids—and lost. The man was E. J. K. Elliott, from the Somerset Farm Institute, Bridgwater, and the class was for students who had been through a course of instruction in buttermaking at a county school.

### Enjoy a Real Tour on Gum-Dipped Tires

When you tour on Gum-Dipped Tires all roads seem equally good. There is nothing to compare with the smooth, sure performances of these big, low-pressure tires. Jolts and vibrations disappear. Stretches of rough going cannot disturb you or harm the mechanism and well-built structure of your car.

If it is slippery and muddy underfoot, Gum-Dipped Tires, having double the road contact, cling to the road and hold the car unwaveringly to a true, straight course. On grades there is extra traction; at sharp curves or in quick stops you will have perfect control of wheel and brake. Skidding is almost impossible.

Through the development of the exclusive Gum-Dipping process, Firestone has tremendously increased tire mileage in balloon tires. This insulates and impregnates every fibre of every cord with rubber, reduces internal heat and friction and delivers thousands of extra miles with added comfort and safety.

Ask any Firestone Dealer to show you the structure of Balloon Gum-Dipped Tires and to tell you their advantages. He is an authority on this type of tire and is in a position to serve you better and save you money. See him to-day.

### Little Helps For This Week

Behold, we count them happy which endure.—James v. 11.

Well, to suffer is divine; Pass the watchword down the line. Pass the countersign, "Endure!" Not to him who rashly dares, But to him who nobly bears, Is the victor's garland sure. —John Greenleaf Whittier.

If for some of us, and sometimes for all of us, action cannot mean doing, then remember bearing too is action.—oftenest its hardest part. —William Channing Gannett.

Endure and dare, true heart; through patience, joined with boldness, come we at a crown encircled with a thousand blessings. —Spanish Proverb

Minard's Liniment for earache.

### Experimenting on Dental Serum

That dentists soon may be injecting serums to prevent tooth decay is the prediction of a specialist in Chicago Dr. C. N. Johnson, who is experimenting on such a preparation. Tooth decay, he says, is the most common ailment known.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Pity may be akin to love, but a girl isn't willing to accept it as a substitute.

### PIMPLES ON FACE ITCHED BADLY

Skin Became Scaly. Arms Later Affected. Cuticura Heals.

"I suffered from pimples that broke out all over my face. They were large and red, and itched so badly that I scratched them until they would bleed. My skin became scaly and started to peel off, especially around my mouth. Later my arms became affected with pimples. "I began using Cuticura Soap and Ointment and they helped me. I continued the treatment and in about two weeks I was healed." (Signed) E. M. Bradley, 185 Queen St., Charlottetown, P. E. I., Aug. 11, 1926.

Use Cuticura Soap, Ointment and Talcum to promote and maintain skin purity, skin comfort and skin health; the Soap to cleanse and purify, Ointment to soothe and heal, and Talcum to powder and refresh.

Sample Book Free by Mail. Address Canadian Depot: "Cuticura, Ltd., Montreal." Price, Soap 25c, Ointment 50c and 10c, Talcum 25c. Cuticura Shaving Stick 25c.

## DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health.

Moose Jaw, Sask. —"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOUGHTON, 414 Morse Square, Moose Jaw, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.

For sale by druggists everywhere. O

## LOCAL AND GENERAL

The "drive" for the Wheat Pool Dave Irwin reports, is so far proving quite successful. Lloyd Hehn has completed his territory with a good "sign-up," and Walter Scheidt and Hugh McLean have also finished. C. W. Gibbs is out this week and is also reporting good progress. From reports received up to the present it is expected that the total membership in this district will exceed that of last year.

J. C. Clark of the Bank of Montreal, together with his wife, left by auto last week for coast points. During his absence F. Ridgwell will be in charge at the bank.

Mrs. Booker and Mrs. Buckler left on Monday for the camp at Banff, which is being held there this week in connection with the Diocese of Calgary.

Mrs. A. Fisher returned last week from Lethbridge.

The W.C.T.U. will meet at the home of Mrs. W. H. Chamberlin on the afternoon of July 13th, at 2.30 o'clock. Mrs. F. Findlay will speak on the topic "Health and Temperance." Members are requested to invite a friend to come to what we are sure will prove an interesting afternoon.

Miss Grace Hunsperger has returned home after spending a few weeks visiting relatives and friends in Stavely, High River and Calgary.

On Tuesday evening a lively bunch of young folks gathered at the home of Mr. and Mrs. Dan Dippel where the evening was spent in playing baseball and other out-door games. Later, a delicious lunch was served and soon after the boys were busily engaged in seeing their sweeties safely home.

Elmer and Howard Evans are attending Camp Tuxis at Sylvan Lake. Elmer has been appointed Grand Chief of the camp.

Mr. and Mrs. J. V. Berscht with their son Leonard spent the holidays visiting Banff and Lake Louise. The auto road, Mr. Berscht reports, is good, and the scenery is magnificent.

Russell Berscht, Ellwood Evans and Aylmer Liesemer spent last week-end visiting the Tuxis Camp at Sylvan Lake and friends in Edmonton.

McCoy and McCann have secured the government contract for gravealling the road between Nanton and Macleod, a distance of about fifty miles. Together with C. E. Reiber, they were down south on Wednesday inspecting the pits, etc.

The Olds Agricultural Society holds its annual fair on Thursday, July 21st. A good program of athletic events will be held in connection with the fair, the Elk's

DIDSBURY

band being in attendance throughout. The directors of the Society hope the number and quality of the exhibits will surpass that of last year, and are looking also for a record attendance.

Miss Florence Reiber of Brooks is spending the vacation with her parents.

Rev. Traub returned from New Carlisle, Ohio, on June 23rd. During his four weeks' visit there, in addition to other business, he reports they had an excellent meeting of the Missionary Board. Throughout his trip, however, he saw no place better than Alberta.

Rev. A. Traub left on Wednesday to take part in a camp meeting at Alsask.

At the Opera House on Saturday, the picture for this night will be Peter B. Kyne's "The Understanding Heart." Monday Tuesday, and Wednesday of next week Johnston's big show will have the hall.

The Jubilee Celebration held in Didsbury on Saturday last, and which had been postponed from the previous day on account of the weather attracted a large crowd, numbering about 1500 people. Prizes for floats were awarded as follows:—Commercial, 1st Alberta government telephones. Historical, 1st I.O.D.E., 2nd C.G.I.T. Schools, 1st Grand Centre, 2nd Rosebud, Autos, 1st, Mrs. McCoy, 2nd, H. F. Miller. Bicycles, R. Miller. Specials, 1887 float, Adshead Garage, Viridine Mjolness. Clowns, 1st, Geo. Royds, 2nd, Lancelot Carlson.

The races were held at the fair grounds, the crowd being a very large one.

## To Give You Service.

The U.G.G. Elevator at your station is there to give you service, both in handling your grain and in furnishing farm supplies.

These farmer-owned elevators mean better returns for you in price and grade. The U.G.G. elevators set a standard which other companies have to meet.

U.G.G. elevators are there for the use and benefit of all farmers alike. Shareholders in the company and farmers who are not shareholders all get the same service and treatment.

We don't claim to be perfect, but we do claim—and we believe justly—that the service given by U.G.G. elevators and by all departments of the business brings real financial benefit to farmers.

If you agree that this is a fair claim, we shall appreciate your business at your nearest U.G.G. Elevator.

## UNITED GRAIN GROWERS LTD

ELEVATOR AT DIDSBURY.

Leave your provisional order for this year's Binder Twine at the elevator.

### MOUNTAIN VIEW

The Mountain View W. I. held a very successful course in basketry, conducted by Mrs. Wood of Stony Plain. There was an average daily attendance of twenty, and seventeen trays and thirty baskets were made.

Owing to the bad weather our picnic had to be cancelled, but a large crowd enjoyed the dance in the evening. Music was furnished by the Sunnyslope five piece orchestra in their usual excellent manner.

The Didsbury East U.F.A. local are giving a dance on July 21st in Community hall.

Mrs. Eddie Jackson of Calgary is visiting her friend Mrs. Ed Blain.

Congratulations are being extended to Mr. and Mrs. James Worell on the arrival of a daughter.

### Card of Thanks.

We wish to extend our very grateful thanks to all our friends for their sympathy and assistance during the illness and at the death of our dear mother, Mrs. S. A.

Johnson.  
Signed in behalf of the family,  
J. Johnson.

### For Sale.

Two pure-bred Shorthorn bulls for sale. Also Young pigs. Kendrick and Good, Didsbury.

### Wanted.

Good, fat horses, 1400 lbs up. Will way highest market price. We also have some fresh milk cows for sale.

Kendrick & Good.

### Strayed.

One five year old mare, light gray, chunky build, about 1250 lbs, forelock and tail trimmed, no brand. Also ones dark brown Clyde mare, rising two years, white markings, no brand. Last seen east of Didsbury. Suitable reward for information leading to recovery. T.H. Noad, Olds. Phone r. 215.

## Municipal Co-operative Hail Insurance

Saved the farmers of Alberta over \$3,250,000 in the last eight years, and is the only Hail Insurance provided at cost.

Out of every dollar of premium charged during the period mentioned, 84 1-8 cents was returned to the insured in losses, 7 7-8 cents paid all cost of administration, and eight cents was added to the Reserve Fund now amounting to \$770,000.00, which belongs to the farmers.

Why not insure your crops with insurance that gives protection from date application is received until Sept. 30th.

For full information see your Municipal Secretary.

### Rugby Items.

The annual picnic of the Rugby Women's Institute, held on Saturday July 2nd, took the form of a Diamond Jubilee Celebration. Lunch was served in the school at noon and as everyone was busily and agreeably occupied the rain did not interfere with anyone's pleasure. Following lunch a baseball game between the Melvin and Rugby boys proved victorious for the latter, the score being 21-18. Then all gathered at the school where a patriotic program of pagants, speeches and songs were enjoyed by all. The Rugby four-piece orchestra supplied the music. The races were held next. Prizes for decorated saddle horses were awarded to Lawrence Oliver, 1st; Albert and Lawrence Krebs, 2nd; Arnold and Wesley Good, 3rd and 4th; Prizes for decorated cars to Harvey Hosegood, 2nd. Lunch was again served and the Jubilee Medals were distributed, after which the crowd dispersed.

In the evening a dance was held at the school and was much enjoyed by all present. Music was supplied by the Rugby Orchestra.

### Rugby School Report

The following pupils have been promoted.

Connie Hosegood, Margaret Shannon (recommended) to grade VIII; Bruce Swingle (from grade V), Raymond Hughes, Harold Russell (recommended) to grade VII; Audrey Rigby, Walter Cook to grade VI; Milton Russell, Arnold, Russell, Donald Shannon, Lawrence Oliver to Grade IV. Alfred Cook, Albert Krebs, Gerald Rigby to Grade III. Lawrence Krebs, Eula Russell to Grade II.—A. R. Brubaker, teacher.

Mr. and Mrs. James Burns have just returned from an auto trip, covering in all about 425 miles. They took in Calgary, Drumheller, Watrous and their old farm at Hanna, where they lived for 15 years. They have also visited with their two sons and

their families at Didsbury and Watts. Upon returning to Didsbury they were very agreeably surprised to find that some very kind friends had been in during their absence mowing the lawns, painting the verandah, and effecting other improvements, a kindness which Mr. and Mrs. Burns appreciate very much.

Geo. Burns took his wife down to Calgary on Monday, where she will remain for about a week.

A sample of wheat grown on the farm of Mrs. Frasch was brought into the Pioneer office on Monday. It was sown on April 26th, and indicative of the wonderful growth which has taken place since, it is now 21 inches in length. Corn grown on the same farm and planted May 1st is 19 inches, and garden peas, put in about the same time, are now in full bloom.

# Genuine ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago  
Pain Neuralgia Toothache Rheumatism

**DOES NOT AFFECT THE HEART**

## Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic-acetic acid of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Outdoors

The editor of this column steps aside this week to give place to the following "Four Minute Essay" by Dr. Frank Crane, and to commend it to all readers as well worthy of adoption:

A good dose of Outdoors would cure almost anything. Quit wearing a hat and let your hair Outdoors, for that bald spot. Go barefoot, and your feet will slip back ten years. Take off your clothes and lie on the sand in the sun, acquire a rich tan, and you will become healthy as a savage. Go Outdoors and find an appetite. It's out there somewhere. Go Outdoors and get rid of Nerves. They live in the house. Other rats and mice that infest houses are Dyspepsia, Constipation, Liver Complaint, Peppiness and Insomnia. Not only Bodily Ailments, but all other kinds of plagues and nuisances are house creatures. Creeds were all made in stuffy rooms. Religion, faith, hope, love, and courage inhabit the woods and meadows, sail the seas, and seek wind and sun. Jesus taught Outdoors. Ecclesiastical Councils are held behind closed doors. The decline of religion is traceable from the Sermon on the Mount in the asphyxiating Meeting-House. Education ought to be Outdoors. My favorite dream is the University of Outdoors, where pupils go shoeless and hatless and learn under the stars. This University would teach the child how to be as healthy as a panther. And healthy bodies would obviate most neurotic intellectual vagaries. Where but Outdoors can you learn Botany, Geology, Astronomy, and the like. Real Science lives Outdoors, as much as Leap-Frog. Play Outside. Prisoner's Base is better than Whist. Even kissing is better Outdoors. Copenhagen is much better for your general system than twining on the parlor sofa. When you chase a girl half a mile to kiss her you realize what real Kissing is. Eating is better Outdoors. A horse is healthier than a man because a horse has to walk after every bite of grass he gets. Outdoors is the solution of the Prison problem. From cell to sunshine means from the destruction to the reconstruction of the human waste-heap. Insane patients who are violent when locked up become peaceable Outdoors. Children thrive Outdoors and pine in the house. Outdoors is cheap and plenty. God made Outdoors; man made Indoors. And God lives Outdoors; in man-made edifices—Idols.

## New Device for Motor Cars

Electric Brake Will Use Less Current Than Horn

The near future may see the adoption of an electric brake system on passenger cars that will require the least energy on the part of the driver to stop the heaviest type of machine within a short distance.

This type of brake is being manufactured for use on heavy trucks and trailers, and is being found more practicable than the mechanical type.

The apparatus requires less electricity to operate all four brakes on a heavy passenger car than is needed to run one headlight or to blow the horn once, it is said.

If a man is out of his head he is apt to put his foot in it.

## Children Cry For "Castoria"

Especially Prepared for Infants  
and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

*Charles H. Fletcher.*

W N U. 1688

## Prince Favors Playgrounds

Glad to See Movement to Provide Place for Poorer Children

The British National Playing Fields' Association, which has issued an appeal for "£1,000,000 and many acres," states that there are in England 4,000,000 boys and girls who are without such facilities and that many great cities have not a single football field or cricket pitch for the use of the poorer youths. The King on his birthday placed two of the Royal paddocks at Hampton Court, containing about six acres, at the disposal of the Association. In the absence of the Duke of York, who is president, the Prince of Wales on his return from the Derby visited a broadcasting station and gave a wireless talk in support of the movement.

As a lover of games himself, the Prince said that he was really glad to see on foot a movement to provide proper playing fields for these 4,000,000 boys and girls and that he hoped soon to see the day when not one of them could say, "I have nowhere to play."

## Drives Out Rheumatism Subdues Lumbago

Brings Ease and Comfort to the Sufferer at Once

## NERVILINE

A King Over Pain

Those who seek permanent relief from the grinding pain of rheumatism and lumbago should read the letter of F. E. Normand, from Georgetown, who writes:

"I was fairly crippled with aching joints and rheumatism. Nerviline must have been what I needed, because it cleared up my trouble quickly."

"If you need a reliable, strong, penetrating pain remedy, one you can depend on, get a 35c. bottle of Nerviline today; it will make you well quickly."

## Greatest Menace to Motorists

The two greatest menaces to the safety of motorists are the speed mania and the level crossing. When it is properly appreciated that roads are not race tracks and that level crossings are a species of death trap, the number of fatal accidents caused by the automobile will become practically negligible, at least in comparison with what has been the case the last few years.

Miller's Worm Powders act mildly and without injury to the child, and there can be no doubt of their deadly effect upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in numberless cases and have given relief to many children, who, but for the good offices of this compound, would have continued weak and enfeebled.

## The First Economy

A young man proposed to a girl and was accepted. After their first tender transports were over they fell into serious talk.

"Now that we are engaged," said the girl, "we must begin to economize. Promise me, darling, that you won't do anything you can't afford."

The young man laughed grimly. "If I promised you that," he said, "I'd have to break off our engagement."

Great Britain, Canada, France and Italy have paid bonuses to their world war veterans.

## DYSENTERY WAS SO BAD BECAME ALARMED

Mrs. Wallace Pepper, R.R. No. 6, Simcoe, Ont., writes: "Last summer I was very bad with dysentery. I lost my appetite, and had such severe pains in my abdomen they made me very faint. I passed blood which greatly alarmed me, so I hurried to the doctor. He told me the quickest way to get rid of it would be to take

"I took only part of a bottle and was completely relieved. I feel I cannot recommend it too highly."

This wonderful bowel complaint remedy has been on the market for the past 80 years; put up only by The T. Millburn Co., Limited, Toronto, Ont.

## Urge Vaccination to Prevent Tuberculosis

French Doctors Would Have New Vaccine Given to All Children

The success obtained by the use of the anti-tuberculosis vaccine developed by Dr. Albert Calmette of the Pasteur Institute has led to a movement among French medical authorities in favor of the universal vaccination of children.

Results just tabulated up to the present year show that from 21,000 cases of vaccination with the Calmette vaccine, which is known as "BCG," there have occurred only 1 per cent. of deaths from tuberculosis, while the tubercular mortality among unvaccinated children is shown by medical statistics to reach 26 per cent.

Professor Calmette explains that his vaccine does not inoculate the patient with the disease, but "suggests" the disease and rouses anti-tubercular bacilli to activity. This has been done through use of vaccine obtained through reducing the virulence of the tubercular bacilli by the inbreeding of weakened bacilli until an innocuous vaccine is evolved which is only strong enough to suggest tuberculosis in the system.

Early experiments were made with laboratory animals, and then with monkeys, over a period of thirteen years before the scientists of Pasteur Institute felt sure enough of the harmlessness of the vaccine to test the effect upon man. The vaccine need not be injected, but may be administered in food.

Despite the apparent success of this vaccine, French doctors report a general hostility upon the part of the public to anti-tubercular vaccination, the same objections being advanced as those opposing vaccination for smallpox and typhoid. But an increasing number of physicians are becoming interested and the use of the vaccine has already spread to all countries of Europe.

Dust Causes Asthma. Even a little speck too small to see will lead to agonies which no words can describe. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. D. Kellogg's Asthma Remedy brings the user to perfect rest. It relieves the passages and normal breathing is firmly established again. Hundreds of testimonials received annually prove its effectiveness.

## Russia Building Airplanes

Equipment of Soviets Increased by Sixty New Machines

An increase of more than sixty aeroplanes in the aerial forces of the Soviet union is announced as the result of a country-wide campaign conducted under the watchword, "Our answer to Chamberlain."

(This refers to the breaking off of diplomatic relations with Russia by Great Britain.)

Reports from 23 provincial cities published at Moscow announced the intention of the various unions in those places to construct from one to twelve aeroplanes each.

Leningrad leads in the building program.

## Minard's Liniment for Insect bites.

English scientists are experimenting with an electric machine designed to eliminate the dense fogs which visit London.

A system of communication by eyelid talking to balk criminals is being used by detectives in Canada.

Minard's Liniment for warts and Pimples.

## First Yokeless Egg

Adolph Goldberg is an egg candler; he has been one for 30 years. But not until the other day did he ever see an egg without a yolk. He took it to the Museum of Natural History, New York, where officials agreed that it was the first on record.

## WEAK, LISTLESS GIRLS

Need Such a Tonic as Dr. Williams' Pink Pills to Restore Health

When a girl in her teens becomes pale and sallow, especially if at the same time she shows inclination to tire easily, a listlessness and inattention to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements Dr. Williams' Pink Pills can supply. But an analysis of the blood is not needed—the physical signs are plain. Among these signs are a pallor of the cheeks and lips, dark circles under the eyes, easily tired and breathless after slight exertion. Poor appetite, headaches, and sometimes fainting spells follow; often the patient is nervous and is startled at the least noise. In all run-down conditions there is no other tonic will build you up so quickly and so surely as Dr. Williams' Pink Pills. The statement of Miss Dorothy Lumbina, Bush Island, N.S., will bring hope to other weak girls. She says: "I wish from my heart I could persuade every person who is in a run-down condition to give Dr. Williams' Pink Pills a trial. About a year ago I was a weak girl suffering from impoverished blood and a run-down system, with many of the attendant symptoms. I had often read of Dr. Williams' Pink Pills and decided to take them, and after using six boxes I feel as well and strong as ever. Dr. Williams' Pink Pills will be my standby in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to others."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Selling Deer Antlers

Reindeer have shed their antlers and native herders at Nome, Alaska are busily gathering and transporting them to the coast for shipment to the south. The bone material is valuable for many articles of manufacture.

For Both House and Stable. — There is a good deal of similarity, physically speaking, between human beings and the lower animals. Both are subject to many ailments arising from inflammation and to all manner of cuts and bruises. Dr. Thomas' Electric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

At a depth of 66 feet the water of the Dead Sea is twice as salt as it is on the surface, and at 1,000 feet three times as salt.

Whether the corn be of old or new growth, it must yield to Holloway's Corn Remover.

An electric shoe-polishing machine that shines both shoes automatically and in only three minutes, has been developed.

## GOVT. VICTORY IS NOW ASSURED IN MANITOBA

Winnipeg.—Premier John Bracken and his Progressive supporters were returned to power in the provincial general election with a clear-cut mandate to guide the political destinies of Manitoba for another five years.

Indications are for a Government victory in 29 of the 55 seats in the Legislature, or equal to its representation at dissolution.

The striking feature of the election however, was the showing of the Conservative Party, which in standings early compiled, was credited with 15 seats, a gain of nine. Liberals appeared to have lost two seats, with only three candidates declared elected and two leading, while Labor appeared to have weathered the storm with its pre-dissolution representation unimpaired. The gains were chiefly made at the expense of the Independent group, which had only elected one member and was leading in two. In the last House the Independents had a voting strength of eight.

The electors of Manitoba appear to have registered a sweeping verdict in favor of extending the present facilities for the sale of beer. Winnipeg piled up a majority of approximately 15,000 for changes in the beer laws, and sale of beer by the glass in Government-licensed establishments likely will be the result. Proponents of the beer parlors out-voted those in favor of beer by the bottle under the "cash-and-carry" system by nearly two to one. Indication that the electors want the Government to continue its control over the distribution of intoxicants was shown in the defeat of the proposal which would have given the brewers the right to deliver beer direct to permit-holders.

### Returning From England

Cabinet Ministers Will Sail for Canada Shortly

Ottawa.—Hon. James Malcolm, Minister of Trade and Commerce, who is at present in England will sail for Canada on July 9, according to present plans. Mr. Malcolm has visited the offices of the trade commissioners for Canada in Great Britain and will inspect several of the offices on the continent before returning.

Hon. Robert Forke, Minister of Immigration, will sail for Canada, July 23. Mr. Forke has been several weeks in London involved in negotiations with the British Government for the extension of the 3,000-family settlement scheme as well as other immigration agreements.

This month, Hon. Charles Dunning, Minister of Railways, will make the trip to Hudson's Bay accompanying Frederick Palmer, the British engineer the Canadian Government has appointed to report on the comparative merits of Port Nelson and Fort Churchill as a terminal for the Hudson's Bay Railway. Major Graham Bell, deputy minister, and Col. DuBuque, chief engineer of the department also will be in the party.

### Ship License Cancelled

Panama.—Panaman Consul Morris at Vancouver, B.C., has been ordered to cancel the Panaman registry of the ship Federalship which some time ago was seized by the American prohibition authorities and later released on the order of a Federal court. The Panaman action was based on the non-payment of \$115 due to the National treasury for taxes. M. Morris reported that cancellation of the Panaman registry had been solicited by the owners of the vessel.

### Authorized to Fire Salutes

Ottawa.—Edmonton has been added to the list of stations at which artillery salutes are fired on certain authorized occasions including Royal salutes on the sovereign's birthday and Dominion Day, according to an announcement by the department of National defence.

### Receives Peace Prize

Oslo, Norway.—Foreign Minister Streebman of Germany has arrived here to receive the Nobel peace prize for 1926 which he shares with Foreign Minister Briand of France.

W. N. U. 1698

### Canadians All

Mill. Cartier Says Canadian Is a Title to Be Proud Of

Toronto.—After 68 years, Mlle. Hortense Cartier, daughter of one of the Fathers of Confederation, Sir Georges Etienne Cartier, returned to Toronto. Toronto was her childhood home between 1854 and 1859. When the Government moved to Quebec at that time she went with her father, and until today has never seen Toronto since.

Mademoiselle Cartier came from France as the guest of the Canadian Government to attend the celebration of the diamond jubilee of Confederation.

"One thing I do hope to see soon is the adjective 'French' dropped in French-Canadian," she said. "I think everyone should be just plain Canadian—and it is a title of which everyone should be very proud."

"I'm going through to the West and I am eager to get a feather crown. My father had a wonderful head dress and belt given him by the Indians."

### Welcome Return of Royalty

Duke and Duchess of York Are Home After Six Months' Tour

London.—The British newspapers were filled with enthusiastic welcome to the Duke and Duchess of York upon their return from their six months tour to New Zealand and Australia. In connection with the welcome are many references to the self-sacrifice of the Duchess of York in having left her infant daughter, Princess Elizabeth, for so long a period. One writer says this gives the Duchess a link or common understanding with all those other British wives and mothers whose husbands are called to visit or make homes in the outposts of the empire and who must choose between their husband and children.

### Chinese Nationalists

#### Suffer Defeat

30,000 Casualties Reported After Four Days' Fighting

London.—A Shanghai despatch to Exchange Telegraph says the Chinese Nationalists admit suffering the heaviest reverse of the war at Suchowfu, North Western Kiangsu province.

Attacked by General Sun Chuan-fang and his Shantungese the Nationalists evacuated the city after four days fighting, in which they lost 30,000 men, mostly killed, and retreated 30 miles to Pengfu.

### Killed in Air Crash

Flight Lieut. Anderson in Fatal Accident at High River

Calgary, Alta.—Flight Lieut. C. N. Anderson, Royal Canadian Air Force, was instantly killed when his plane crashed and burned at the High River Federal air patrol station.

The accident occurred as the flier was landing in formation, a test flight for the Jubilee Celebrations, being in progress.

The wrecked ship immediately burst into flames.

Anderson was 25 years old, unmarried, and his family resides in the Brandon district.

### Retains Premiership

HON. JOHN BRACKEN, Premier of Manitoba, whose Government is returned to power.

## TWO CLASSES FOR CRUISERS URGED NOW BY BRITAIN

Geneva, Switzerland.—Great Britain proposed to the technical committee of the tripartite naval conference that the cruisers be divided into two classes, one of 10,000 tons carrying eight-inch guns and the other of 7,500 tons with six-inch guns.

The United States and Japanese delegations requested time to examine the proposal "in the light of the effect it would have on the navies of each power concerned during the life of the treaty."

Some observers have expressed fears that the tripartite naval conference has reached a critical stage because the British and United States representatives have not yet been able to come together on the question of reopening the Washington treaty.

The Japanese have announced their inclination to support the British view on the question of limitation of the size and armament of battleships, consideration of which would mean re-discussion of problems thought to have been solved by the Washington treaty of 1922.

The determination of the United States delegates to restrict the conference to the scope outlined by President Coolidge's invitation to the powers remains unchanged.

### Makes Parachute Descent

Toronto Girl Drops From Aeroplane At One Thousand Feet

Hamilton, Ont.—Miss Caroline Sykes, a Toronto office clerk, made what is known to be the first parachute descent from an aeroplane by a woman in Canada here when she stepped off an aeroplane 1,000 feet up in the air and made a perfect landing on the top of a mountain. Miss Sykes had been up in an aeroplane but once before. It is likely she will be employed to repeat the stunt daily at the Canadian National Exhibition in Toronto.

### Dusting Wheat Fields

Will Use Aeroplanes to Control Dust by Spreading Chemicals

Fargo, N.D.—Aeroplanes for dusting wheat fields with "cola," a chemical with which experiments are to be made in the hope that it will prevent or control black stem rust on wheat, will be used on an extensive scale in Manitoba and will be tried in a smaller way in Cass County, North Dakota, it was learned here.

T. M. Shields, officer of the Royal Canadian Flying Corps, spent Sunday here en route from Philadelphia to Winnipeg with a new aeroplane which he will use in dusting fields in Manitoba. It is planned to treat about 8,000 acres in the Canadian provinces.

Walter R. Reed, who is to make smaller experiments on his farms near Chaffo, N.D., conferred with Mr. Shields regarding the proposed Canadian experiment. Mr. Reed will have experiments made on three different kinds of wheat, dusting about 10 to 15-acre tracts of each.

### Newspaper Men Elect Officers

Mr. Sam Wynn, Yorkton, New President of Weekly Newspaper Convention

Huntsville, Ont.—Sam Wynn, Yorkton, Sask., was elected president of the Canadian Weekly Newspapers Association at the concluding session of the annual meeting here. Other officers are: First vice-president, S. B. Anslow, Campbellton, N.B.; second vice-president, Hugh Savage, Duncan, B.C. Directors include: British Columbia, R. E. White, Kamloops; H. G. Parsons, Golden, Alberta; Charles Clarke, High River; A. R. Ennis, Leduc, Saskatchewan; C. R. MacIntosh, M.P., North Battleford; D. C. Dunbar, Estevan.

### Transfer of Military Units

Several Western Units Will Change Location

Ottawa.—Re-location of a number of military units throughout Canada is announced by the department of national defence.

The Westminster Regiment, "C" Company, has been transferred from Mission to New Westminster, B.C.

The Assinibola Regiment, "C" Company, has been transferred from Manor to Indian Head, Sask.

Canadian Machine Gun Corps, No. 3 Company, machine gun battalion, has been transferred from Nanaimo, B.C., to Mission, B.C.

### Hungary's Wheat Crop Less

Ottawa.—According to a cablegram received from the International Institute of Agriculture at Rome, the wheat crop of Hungary is 68,784,000 bushels as compared with 69,200,000 last year and 71,674,000 in 1925. The cablegram also states that Hungary's rye crop is 25,511,000 bushels against 30,015,000 in 1926, and 32,525,000 in 1925.

### Dr. Haanel Passes

Ottawa.—Dr. Eugene Haanel, for 20 years superintendent and director of mines, died here recently, aged 86 years. He was internationally famous and held a number of degrees from Canadian and American universities.

## UNITS OF EMPIRE AS ONE IN TIME OF COMMON PERIL

Chicago.—The British family of nations may bicker among themselves but they will meet an outside menace with a united front, Sir Cecil Hurst, legal adviser to the British foreign office, told a University of Chicago audience during the second of a course of lectures on "Problems of the British Empire."

In this lies the claim of empire to be a total unit and international though foreign powers might question the reasonableness of treating the empire as a unit in strength of the common allegiance to one king, Sir Cecil said.

"Families cannot be made by contract; they cannot be made or unmade by mere agreement of their members. The British empire has grown up together and as they became stronger, they may have become more self-contained more able to stand alone; but the ties which united them to the parent state remain intact."

British nations, Sir Cecil declared, will continue to act together in foreign affairs because the spirit of British autonomy is based on the admission that questions affecting the whole group cannot be left to one member of the group to conduct without reference to others.

Equality of status among nations, as among individuals did not necessarily mean equality of stature, wealth or temperament. In the British Empire equality meant the absence of any power of control by one community over another. Some inequalities still exist between the powers of the British and Dominion governments but these were being swept away.

### Crops Doing Well

Favorable Crop Report Covering All Western Areas

Winnipeg.—Since the completion of seeding operations weather conditions have been entirely favorable for growth, and crops are doing well almost everywhere, according to the weekly report issued by the Agricultural Department of the Canadian Pacific Railway. Earlier sown grains are practically as far ahead as at this time last year, with the grain sown later about a week behind. A considerable percentage of the crop was put in unusually late, but with present weather conditions maintaining the rapid and healthy growth there should be no question of harvesting the crop within time this fall.

Cutworms have caused damage of a minor character at a few points, but the loss in this respect does not nearly approach the average. Hail has beaten down the crops over limited acreages in a few localities in Saskatchewan and Alberta, but the grain was not sufficiently advanced to be permanently injured. The noticeable feature this year is found in the increased amount of new breaking undertaken, and the farmers are taking every advantage of the satisfactory soil moisture conditions.

### Novel Flight Planned

London.—Mayor Moore announced that an invitation would be broadcast immediately to aviators to qualify for a non-stop flight from London, Ont., to London, England, for a prize of \$25,000 to be provided by a local brewery. A machine for the flight will be purchased by the same concern and handed over to the aviator as soon as one fully qualified, preferably a Canadian, has been found to undertake the trip.

### Favor Amalgamation

Vancouver, B.C.—Ratepayers of Vancouver and South Vancouver by overwhelming majorities voted in favor of amalgamation of the city and the municipalities of South Vancouver and Point Grey.

### Increase in Coal Output

Vancouver.—During the first four months of the year the coal mines of British Columbia produced 854,238 long tons, an increase of 154,929 compared with the similar period of 1925.

### Famous Explorer for Japan

Captain Roald Amundsen, famous Norwegian explorer, who has flown and sailed to the North Pole or its vicinity, is taking a trip to Japan and is here shown on board the Canadian Pacific liner Empress of Asia just before leaving for Yokohama from Vancouver, B.C. With him in the photograph are C. B. Stahlschmidt, Norwegian consul at Vancouver and S. L. Prenter, of the Vancouver Harbor Commission. It is understood that Captain Amundsen is merely taking a holiday trip.

Thursday, July 7 1927.

## Church Announcements EVANGELICAL NOTES.

Children's Day is to be observed next Sunday at Sunny-slope at 2 o'clock in the afternoon and at Westcott in the evening at 8 o'clock. If the weather and road conditions permit, the pastor, H. E. Roppel, will be accompanied of the choir members from Didsbury to assist in the program by giving "The Challenge of the Cross" at both places. This Sacred drama alone ought to draw large crowds for these services but besides that, the program at both places will be interspersed with speeches, vocal and instrumental music, etc., by local talent. On account of the Pastor's absence from Didsbury next Sunday evening, as indicated above, the pulpit here will be supplied by Rev. E. Riemer of Westcott. --

## KNOX and WESTCOTT

The second Sunday in July, the minister is taking for his theme "The Christian Adventure." As announced last Sunday, the evening service will not last longer than the hour commencing at 7.30. Community Hall, 3 p.m., Sunday July 10th. Mr. Hayes is planning to conduct the services there this Sunday. -----

## LUTHERAN CHURCH.

Westcott, 10.30, English  
Didsbury, 2.30, German

In the English services at Westcott the series on Joseph, the Prime Minister of Egypt, will be continued, the subject being: "Joseph, the Prime Minister, the Host to His Brethren." A change is to be noted in Didsbury. Instead of at Durrer's Chapel, the services throughout July and August, and possibly longer, will be held at the Baptist Church. Sunday School will be held at 1:30 p.m.

## THE NAVY LEAGUE OF CANADA

(Alberta Division)

The Rev. Fred Cooke, who has been in Didsbury taking up subscriptions to the Sailor Magazine and donations for the Navy League, wishes to thank the citizens for their assistance, as they have contributed about \$25 to the Alberta Division.

The Navy League of Canada assists the widows and orphans of our men of the Merchant Service, as they do not receive government assistance. The Navy League supports Sailors' Homes and Institutes, etc., in all our larger Canadian ports from coast to coast, and looks after the welfare of our seamen when ashore. The Navy League also trains boys and young men and makes better Canadian citizens of them.

The Alberta Division is required to raise \$8,000.00 as its quota to the \$250,000.00 budget of the Navy League of Canada, and hopes to raise

## THREE NIGHTS' REAL ENTER-TAINMENT COMING

Mr. Sharp, of the Didsbury Opera House, has made arrangements with Joe Marks, manager for Bert Johnston's big magic and fun show, for their appearance here on three nights, July 11-12-13, making a complete change of program each evening. One of the big attractions is Madam Muriel, who is the possessor of one of the rarest gifts known to humanity—that of being able to foretell and solve mysteries. Her advice pertaining to love, law, business, wills, estates, buying or selling property, etc., is unequalled.

Johnston is supported by a company of high-class vaudeville and concert artists. His magic pleases as well as entertains. This is a performance you will never forget.

Didsbury Agricultural Fair will be held August 3rd.

## BURNSIDE.

We are sorry to hear that Mrs. Ed. Anderson is again taking treatment at the Didsbury hospital, and hope to see her home again soon.

Mr. Noah Eckel received word that his mother, Mrs. George Eckel, of Walkerton, Ontario, had passed away on June 28th. It will be remembered that her husband died on May 20th. We extend our sympathy to Mr. Eckel in the death of both his parents in less than six weeks. Both were well known in this district, having visited their son here on several occasions.

Mr. and Mrs. Alex Leiper and family spent Sunday with Mr. and Mrs. Barney Woods.

The Burnside U.F.A. had a successful picnic on Saturday, in spite of rain and so many other celebrations. On Monday, July 11th, they will hold their regular monthly meeting in the "one Pine Hall. Everybody welcome.
